

2009 SUMMER SOFTBALL RULES

All participants must have & show their valid KENT STATE UNIVERSITY ID before the start of every game. Anyone without an ID will not be allowed to participate. No exceptions.

All games will be officiated based on the *Amateur Softball Association of America (ASA) Rules*; which will be in effect unless otherwise noted in this supplement. Click on the above link for ASA information.

THE GAME

- A game is seven (7) innings or approximately 1 hour, regardless of the number of innings played. However, once an inning has started, it must be completed unless the home team is winning going into the bottom half of the inning. A new inning should not be started after 55 minutes from the start of the game.
- A Ten (10) Run Rule will be in effect during all games. A game will be called by the 10-Run Rule after four complete innings. If the home team is winning by 10 runs after the top of the 4th inning is completed, the game will be ended at that point.
- Four full innings needs to be completed for a game to be called final. Only the top of the 4th inning needs completed if the home team is winning. This may be the case for inclement weather.
- In cases of inclement weather, the Intramural office will decide on the field conditions 1/2 hour before the scheduled start of play. Once play begins for the day, the Coordinator or Assistant Director of Intramural Sports will decide when games are to be canceled. Teams should not immediately leave the area, but should remain close by in case the games can be continued.
- Every effort will be made to reschedule all games cancelled due to inclement weather; however, if games cannot be made up then a teams' record for qualification for post season play will only reflect completed games. Refunds will not be given for shortened seasons due to inclement weather.
- Games that end in a tie at the end of regulation will remain a tie during the regular season.
- Home and away will be determined at the beginning of the game using a coin flip for all regular season games. For the playoffs, the team with the higher seed will have the choice of home or away if the Grace Period rule is not used.

PLAYERS

- A team shall consist of 10 fielders, but may start the game with 8 players.
- A team may bat up to 11 players, and must finish the game with at least 8 players. *Outs will not be taken at the end of the line-up if a team starts short-handed.*
- Players may be added up to the tenth batter at any time during the game. However, an extra hitter (EH) may not be added once the game has started.
- If a team does not have a substitute for a player who leaves the game for any reason, an automatic out must be taken in that players batting slot.
- If a team drops below 8 players for any reason the game will be declared a forfeit.

GRACE PERIOD

- Teams will be allowed a maximum five (5) minute grace period. The team that is on time (on the field and signed in on the score sheet by the starting time) will be awarded the decision of home or away, and they will receive 2 runs. Games using the Grace Period will remain a timed game with no new innings starting 55 minutes past the original game time.
- If both teams are late, but within the grace period, the game will be played as normal with only the clock being started at the normal starting time.
 - NOTE: Both teams must still be signed in and on the field no later than five (5) minutes after the original starting time.
- If both teams are not signed in with the minimum number of players required to start the game after the five-minute grace period, the game will be called and scored a double-forfeit.
- Forfeited games will be scored 7-0.

- If a team forfeits the first game of a double header, the second game of the double header will also be declared a forfeit unless the forfeiting team is at the fields and indicates that they will have enough players for the 2nd game of the double header. There will be no grace period for the 2nd game.

 - EXCEPTION: If a batter swings at any illegal pitch after the umpire has called the pitch illegal, it shall be a live ball and there shall be no penalty for such an illegal pitch. The ball shall remain in play if hit by the batter. If an illegal pitch is called during an appeal play, the appeal is canceled.

- The batter will start with a count of 1 ball and 1 strike.
- After a batter has two strikes, he/she will receive one (1) free foul ball on the first foul ball. The second foul ball is strike three and the batter is out.
